 - sirolimus powder – **PA**
 - terbinafine powder – **PA**
 - b. The following listing has been clarified. This change does reflect a change in MassHealth policy.
 - phenazopyridine
 - c. The following listing has been clarified. This change does not reflect any change in MassHealth policy.
 - bamlanivimab, administered with etesevimab (COVID EUA – February 9, 2021)
 - casirivimab, administered with imdevimab (COVID EUA – November 21, 2020)
 - etesevimab, administered with bamlanivimab (COVID EUA – February 9, 2021)
 - imdevimab, administered with casirivimab (COVID EUA – November 21, 2020)
 - Zovirax (acyclovir cream) ^{BP}
-

Abbreviations, Acronyms, and Symbols

This designates a brand-name drug with FDA “A”-rated generic equivalents. Prior authorization is required for the brand, unless a particular form of that drug (for example, tablet, capsule, or liquid) does not have an FDA “A”-rated generic equivalent.

^ This drug is available through the health care professional who administers the drug. MassHealth does not pay for this drug to be dispensed through a retail pharmacy.

PA Prior authorization is required. The prescriber must obtain prior authorization for the drug in order for the provider to receive reimbursement. Note: Prior authorization applies to both the brand-name and the FDA “A”-rated generic equivalent of listed product.

^{BP} Brand Preferred over generic equivalents. In general, MassHealth requires a trial of the preferred drug or clinical rationale for prescribing the non-preferred drug generic equivalent.
